

Report on the state of the Coffee Co-op

It has been 22 days since our sheet was updated. In that time we drank **877 coffees**, of which **712** were marked down; making our honesty during this period **81%**

The distribution of co-op balances:

among users currently present in the building, **49%** owe the co-op money, representing a total debt of **-264.17\$**.

Please come and pay Andrew MacDonald (203). Let's try to improve these numbers!
